

# Orlando Athletic Training Academy, Inc.

Reaching Out

Fall 2022

## Giving Thanks ...

For the five tutors joining the team this year. We are especially thankful for three bi-lingual tutors to help with athletes with a population of 57% Hispanic at University High School.

Left – Right Kenneth, Rachel, Gustavo, Randy T, Randy H, & Lorna

Between Algebra, Geometry, Spanish, Philosophy, History and other subjects, it is amazing to hear the stories, challenges and hopes of these athletes. 21 track athletes have come out for Pre-conditioning this season.

We listen to a number of the athletes as they expressed being on a spiritual journey. The challenges with their 1<sup>st</sup> language being Spanish. How the process to translate their academics from English to Spanish slows the learning process. Which means needing more time than normal to grasp concepts. CO-VID is taking its toll on students lives' academically, personally, socially, and spiritually.

**You are Invited:** Ladies Christmas Tea & Brunch December 3<sup>rd</sup>. Oat Academy sponsored this tea to gather women from various parts of the Orlando community to say THANK You!. Cru City staff women invited their friends and we honored a former staff who died this past year inviting women she influenced in her neighborhood for Christ.

I, Lorna, also volunteer at the Homeless System Network (HSN). The bottom right shows three of the staff at HSN. It was great to express appreciation for all they do to serve the city of Orlando for the homeless population.

I shared the power of my changed life as a result of my relationship with Jesus Christ. These women laughed through games and shared life reflections with one another.

Hats off to the Cru City staff women that helped and several women from my church. Thank you!

*Thank you for your support of OAT Academy*
